POWERFUL PC PERFORMANCE

Enjoy powerful performance with Intel's newest hafnium-based Intel® Core™ 2 Duo T8300 processor (2.40GHz[1]) with 3MB of L2 cache. This next-generation hafnium-based Intel® Centrino® Duo technology turns up the speed on multi-tasking while curbing energy consumption making it faster and more efficient than ever.

The VAIO® LT Digital Home System comes pre-installed with Genuine Microsoft® Windows Vista® Business.

Offering a massive boost in wireless connection speed and range, work and play quicker anywhere within your office or home using next-generation integrated 802.11 a/b/g/n wireless LAN technology[10].

Store your important documents, family pictures and videos and dynamic presentations on the roomy 500GB[2] (7200RPM) hard drive.

EASY COMMUNICATION AND STUNNING MULTIMEDIA

Stay connected to colleagues, friends and family in the office or at home with real-time video conferencing[11] using the integrated MOTION EYE® camera and microphone.

With Click to Disc™ software and the advanced DVD+R Double Layer optical drive, presenting your digital video content in a professional-looking package is quick and easy.

Watch your favorite movies in stunning clarity on the 22" widescreen LCD display[8] using XBRITE-HiColor™ LCD technology, so you can see deeper blacks, brighter whites, true-to-life color and razor-sharp detail from almost any angle.

Mount your 22" widescreen display[8] on your bedroom, kitchen or office wall[15] and store the fold-up wireless keyboard underneath for a chic, space-saving computing experience.

Beautify your place of business, from the lobby to the corner office, with the VAIO® LT PC/Display, a high-performance PC cleverly tucked behind a gorgeous widescreen LCD display. Elegantly framed with a transparent border to produce a stunning floating effect, the VAIO® LT PC/Display is an astonishing PC showpiece that reflects corporate sophistication and style.

UPC Code: 27242733800

1. GHz denotes microprocessor internal clock speed; other factors may affect application performance. CPU speed will be reduced under certain operating conditions.
2. GB means one billion bytes when referring to storage capacity. Accessible capacity may vary. A portion of storage space is reserved as a recovery partition.
3. DVD Media/Formats are not universally compatible.
4. i.LINK is a trademark of Sony used only to designate that a product contains an IEEE 1394 connector. All products with an i.LINK connector may not communicate with each other.
5. Non-metric measure is approximate and may vary.
6. See actual limited warranty for details. For a copy of Sony's warranty, please visit www.sony.com/pcsupport, call toll-free 888-476-6972 (888-4SONYPC), or write to Sony Electronics, 12451 Gateway Boulevard, Fort Myers, FL 33913.
7. For certain third party software applications, Sony provides first level phone support. Additional telephone support may be available from the applicable 3rd party vendor. Availability and schedule for any such support is determined by the applicable software vendor.
8. Viewable area measured diagonally.
9. 60-Day Trial Version of Microsoft® Office 2007 - This trial software will work only for 60 days after you first use it. You will not be able to use the software if you do not activate it as described the first time you use the software. You can activate the software by Internet: Internet service charges may apply. If you want to keep using the software after the 60-day trial period, you must convert to the perpetual version. You can convert online by following the conversion instructions presented during setup and paying the required fees.
10. Requires compatible 802.11 a/b/g/n wireless LAN access point, sold separately. Internet connection may require fees.
11. Broadband Internet service required along with hird party services which may require a subscription or other service fee.
12. Total Available Graphics Memory refers to the new Windows Vista classification of graphics memory, which is the total of Dedicated Video Memory, System Video Memory and Shared System Memory. Shared System Memory varies depending on the operating condition and system memory size.
13. A portion of the system memory over 3GB may not be available to the operating system.
15. Requires wall mount bracket sold separately. Restrictions apply.

Computer Interface: The computer industry lacks standards, and therefore, there are a multitude of varying software packages and add-on hardware options. This personal computer is not manufactured to any specific software, and Sony does not and cannot make any warranty or representation with respect to the performance of this product with any particular software packages and/or non-Sony add-on hardware option except those mentioned in this document. Sony hereby disclaims any representations or warranty that this product is compatible with any combination of non-Sony products you may choose to connect. While Sony representatives or Sony authorized dealers may be able to assist you and may make recommendations, they are NOT authorized to vary or waive this disclaimer. Purchasers must determine for themselves the suitability and compatibility of the hardware and software in each and every particular instance. Some pre-installed software titles may not include full documentation. Software titles pre-installed on the Sony Desktop Computer are subject to change without notice. Simulated graphic shown on display. This product meets the standards of the International Energy Star Program for energy efficiency. Features and specifications are subject to change without notice. Weights and measurements are approximate and may vary.
Lamp in this product contains mercury. Disposal of these materials may be regulated due to environmental considerations. For disposal or recycling information, please contact your local authorities or the Electronic Industries Alliance (www.eiae.org).
